Description	Meters	Unit price	Amount
Cat 6a Data Cabling from Buildings P (Workshop) to N (English)	122	\$45.00	\$5,490.00
Subtotal			\$5,490.00
GST			\$549.00
Total			\$6,039.00

Dear NSW DoE,

You have requested to us to only connect the building between P and N that have the shortest path. For this we have used our own in house developed algorithm called Dijkstras Algorithm, this algorithm calculates the shortest distance from one node to another node by choosing the edge with the lowest weight in accordance to its neighboring nodes. If any questions may arise please dont hesistae to contact us so we can give you the best experience.
